

SPECIAL SCREWS

We propose you innovative solutions allowing you:

- Reduction of total machining time
- Material savings (no removal of material)
- Improvement of mechanical properties
- One-piece component

We are able to offer various types of surface treatments such as Zinc, Zinc Black, Zinc Nickel, Zinc Iron, Copper, Brass, Nickel, Geomet and Delta Protect in addition to adhesive and locking retention treatments.

All the EverFast treatments are carried out in **full respect of the environment**, in compliance with the **RoHS and Reach standards**, and are **free of chromium (VI)**.

Surface treatments: white, yellow, black, iridescent high-strength zinc plating, zinc-nickel plating, zinc-iron plating, nickel plating, copper plating, tin plating, geomet coating, sealing, lubrication, dehydrogenation, self-locking, stainless steel polishing, blacking - burnishing.

Other treatments on request.
